

Green Purchasing related activities at

Environmental Management Centre Pvt Ltd

GPN India

Rising trend in Green Public Procurement (GPP) in India

- Task force on Sustainable Public Procurement (SPP) at Ministry of Finance (Dr Prasad Modak @EMC is a member of this Task Force)
- Development of SPP Policy and Operations Framework for Indian Railways (EMC implemented this project along with adelphi under support of Switch Asia)
- In this project, more than 60 Procurement Officers at Indian Railways were trained by EMC

Two Major Assignments with the World Bank

- Introducing GPP in India's Highway Sector (report submitted)
- Introducing GPP in the procurement of Green Hydrogen (report under finalization)

Helping Private sector / Start Ups on communicating product sustainability

- Comparative assessment on the sustainability performance of new products using Life Cycle Assessment. This helps companies for winning in the green market and positioned them better in the GPP
- Computation of Product Carbon Footprints, especially for the start ups.
- Sustainable Packaging Alternatives Assessment

Certifications

- 3 Team members certified on GPP at the World Bank
- 2 Team members certified for ISO 14064
- 10 Team members certified to use SimaPro software for Life Cycle Assessment
